## JACOB ANTON 1st. Lineage.

The Anton's (An' tön ) German name, the lineage can be traced back to the middle or the latter part of the 1700 or 17 century. To Napoleon 1st, 1769-1821. Back 6-7 generations. We know Jacob Anton the 1st that he is the father of our Grand-Father Phillip Sr. <sup>9 Dorthen</sup> our parents father, uncles & aunts. And our great-grand-father. Not know when he was born presumably later part of the 17 century, 1700. Dorthen Anton says that the mother died when the children were very young & small. Grand-father told my father that when he was a small boy he stood between his Uncles leg looking up saw then crying but did not know what the trouble was. Dorthen & Phillip Sr. <sup>one</sup> Anton/sister was adopted by some wealthy people. That gives account of 3 of the 4. There were 4 children. In the family. Do not know who took care of the children Dorthen and Phillip Sr. until they came to United States. Who came 1st Dorthen or Phillip Sr, Phillip came 1844, Dorthen married in 1848, Phillip married 1852

Louis XVI (16<sup>th</sup>) came to the throne in France in 1774 he began to rule over a Nation almost as large as France is of to-day. Napoleon 1st Bonaparte 1st born Aug 15, 1769 died in exile Isle of St. Helene May 5, 1821 the year that Dorthen Anton was born. Perhaps some of the older children were born when Napoleon 1st alive & during his era. The French battle of Waterloo, Belgium fought June 18, 1815. The great battle of Leipzig Germany fought 1813, near their home. July 14, 1789 stormed the Bastille Paris France & set loose a reign of terror. The reign terror soon over but the Revolution was permanent. Jacob Anton the 1st lived in the time of Napoleon 1st. That is our great-grand-father. When these thing were taking place history was being written. Under such circumstances & existing conditions when our blood-relation were born, lived, baptized, atremble with the tocin of war. Napoleon 1st French ruler Emperor, Conquer & his power felt throught Europe. Our early relation must heard ,knew about it in their time.
